RE: STRATHEWEN BUSHFIRE MEMORIAL WORKING GROUP

Dear Jan...I visit the memorial site everyday to photograph it's progress. It is extraordinarily beautiful and the words in the sandstone are stunning. I don't have words to express what you and the team have achieved.

Steve Pascoe
Chairman
Strathewen Bushfire Memorial Working Group

RE: STRATHEWEN RESIDENCE SUPPORT GROUP

Thank you for your contribution to the 3rd Anniversary of Black Saturday. I am sure that the people who had not seen your design previously had lots of questions for all of you. I know this has now turned into a labour of love for you all, as you get more involved in the actual construction of the Memorial and also as you get to know the people you are doing this for, as I know you have.

I have heard only positive feedback about the Memorial and the chosen site. It did indeed have a beautiful feeling in that special place. I was also heartening and an indication of how well our leadership is being accepted, by those we represent, to see so many people once again joining with us together, to remember and reflect.

Mary Avola
On behalf of the Residence Support Group
