

Wynns Coonawarra Estate
Cellar Door Refurbishment

THANK YOU so much for all your efforts in getting the Wynns Cellar door ready for the opening yesterday. It really did look amazing and everyone that attended the launch were extremely impressed with the design, layout and interpretive elements. It was also great to see that everyone felt comfortable enough to utilise the whole space over lunch without feeling intimidated by the new furnishings.

We hope the customers and guests that come to the Cellar door going forward have the same approach to spend time looking, reading and relaxing with a wine and ultimately walk out the door with a good purchase or two!
